

EXPORTING & IMPORTING LANDSCAPE

ASHGAR

About

We offer a wide portfolio; Ranging from Landscaping works for Multi-Acre projects, to Contractors of Commercial Compounds for a number of reputable clients.

ASHGAR

Welcome To Our Green House

ASHGAR is an expert grower of Trees and Flowers, supplying the landscaping industry in Africa and the Middle East for over 15 years, and has built a reputation for providing high-quality products. Specialists in semi-mature trees, both field and container-grown with a focus on health and biosecurity.

ASHGAR

Vision & Mission

01. Vision

We not only strive to be a supplier of high-quality plants, but also to be a provider of services that adds value to the business and capable of providing numerous quantities to meet any project requirement.

02. Mission

We are constantly working to add value to our products and keep our legacy as a leading supplier in the MENA region.

ASHGAR Services

01.

Product & Sourcing

Our Greenhouse offers a top-quality variety of trees and plants that are well cared for, following strict specifications that will meet our customers' standards regarding convenient growth and size expectations. We collaborate with contractors inside and outside Egypt.

02.

Supply Chain Management

Exporting plants to customers in top condition requires knowledge, expertise, and a long-term relationship with our partners. That is why supply chain management is a top priority for ASHGAR. We transport plants to your destination – as fresh as they should be.
